**Note from our Headmaster**

Greetings Harvest families,

Oh what a year this has been! As we are coming to a close with just five school days remaining, I would like to reflect on all that God has brought us through. With all the new restrictions and guidelines we've been under, our students and staff have really pushed through and made the most out of, at times, a difficult situation. With cohorting and social distancing, teaching and learning have been hard this school year, but we have seen so much resilience from everyone and are thankful we could have in-person learning for the entire school year. God has really blessed Harvest and kept everyone safe and well. In spite of the challenging year, I want to highlight the professionalism of my teaching staff. They have handled diverse personalities, changes to the pandemic regulations, and multiple parent concerns, all with grace. We, as a school, are blessed to have each and every teacher and are thankful for their commitment to the Lord and to Harvest.

We look forward to putting this year behind us and are excited to begin summer camp and summer enrichment on June 7th! My observation over the past year is that the majority of our students really thrived and did well in the culture and environment of Christian education with a focus on leadership. I highly recommend reenrollment to Harvest to keep your child in this type of spiritual environment in the future.

Have a great weekend!
